Introduction:

The AFP Golden Gate Chapter (AFP-GG) has been serving non-profit development professionals in the San Francisco Bay Area for 50 years. With a diverse constituency of more than 350 members, the chapter is one of the largest in the United States. In recent years it has consistently achieved the Ten Star Gold Award and the IDEA Champion designations from the global AFP organization.

The mission of AFP Golden Gate is to promote philanthropy and support the effective and ethical work of the diverse community of Bay Area fundraising professionals.

Our 30-member voluntary board of directors is highly engaged in all facets of the chapter and works with an administrative team to deliver a wide range of professional development and educational opportunities to its members. The chapter is best known in the Bay Area philanthropic community for hosting an annual National Philanthropy Day program where leaders in the non-profit community are honored for their impact.

As a chapter of the Association of Fundraising Professionals International (AFPI), AFP-GG aligns with the vision, mission, and guiding principles of APFI:

**AFPI Vision:**

To stimulate a world of generosity and positive social good through fundraising best practice.

**AFPI Mission:**

The Association of Fundraising Professionals empowers individuals and organizations to practice ethical fundraising through professional education, networking, research and advocacy.

**AFPI Guiding Principles:**

*Ethics and Trust.* As champions of ethical fundraising, fundraising professionals work to increase public trust in charitable giving. We are accountable to donors and their organizations to perform to the highest standards. We practice courage and integrity in the stewardship of private and public resources.

*Professional Preparation.* Fundraising professionals are prepared to serve as leaders and mentors within and on behalf of our organizations. We embrace continuing education and credentialing as pathways to advance in all stages of our professional careers. We use knowledge and skills to strengthen our organizations and communities. We understand, promote and share best practices to use and grow the fundraising body of knowledge.

*Advancing Philanthropy.* Fundraising professionals are leaders in developing a culture of philanthropy within our organizations and communities. We train staff, boards and volunteers in ethical and effective fundraising practices. We work across organizations and nations to advance positive social good.

*Inclusivity.* Fundraising professionals reflect the diversity of the communities we serve. We work to address the needs of a diverse society. We welcome and support a diversity of individuals and offer pathways for them to succeed.
Partnership and Collaboration. Fundraising professionals are trusted partners with donors in achieving social good. We collaborate locally and globally with other organizations around shared priorities. We work effectively with decision makers in government and business to achieve shared objectives through philanthropy.

Creativity and Innovation. Fundraising professionals stimulate giving through innovative practices and solutions. We imagine and research new ways to connect with donors and achieve results. We share effective ideas and techniques to promote success across the philanthropic sector.
Strategic Planning Process

The chapter’s strategic planning process began in January 2021 to define a four-year vision for serving its members and the fundraising profession, and advancing the philanthropic sector.

The strategic plan was provisionally approved by the board in May 2021, with updates made in November 2021 to reflect feedback from a survey and two focus groups conducted in August and October respectively. Goals and strategies reflect prioritization based on survey and focus group discussions.

- Expand AFP-GG’s reach to include executive directors and other non-profit leaders.

**Objectives:**

**Diversity**
- Ensure diverse representation on board and in committees;

- Establish cohort/affinity groups by county, experience level, nonprofit industry type, BIPOC, etc. to help make the large membership feel more accessible and connected;
- Conduct anti-racism work for the board and staff;
● Conduct a demographic survey of the board to better understand the baseline measure for increased diversity;
● Maintain accessibility of programming by keeping virtual options available;
● Create a process for following up with non-members who attend events.

**Tactics (to be updated and prioritized yearly):**

**Membership & MarComms:**
● Promote to potential members in Sacramento, Wine Country, Silicon Valley, Livermore, etc. (cost to belong to a second chapter is only $30);
● Promote members, feature their stories to highlight chapter’s value and promote benefits of membership;
● Enable and encourage Board members to promote chapter membership, especially within underrepresented constituencies;
● Promote various membership levels (especially large and small organizational memberships), explore payment installment plans and specific benefits;
● Use all channels (handwritten notes, calls, emails, welcome meetings, volunteer assignments) to engage and steward new, renewing, and lapsed members;
● Investigate why members are not renewing through conversation and past call sheets;
● Develop a clear plan to reach out and engage new, renewed, lapsed members;

● Consider logistics of a joint membership or a “community” membership for affordability.

- Offer programs and resources that meet fundraisers’ needs to develop essential skills and knowledge throughout their career (from beginner to CFRE professional to senior nonprofit leader);
- Engage historically excluded groups in developing program content, selecting presenters, and in outreach efforts;
- Provide professional education that is responsive to national and global events and trends, and that addresses philanthropy’s role in a changing world.

Objectives:

Attendance and Promotion
- Increase overall attendance at educational programs by 10%;

- Create a forum for nonprofits and philanthropists to discuss issues and address the challenges we face.

Finance
- Generate earned revenue of minimum 12% of chapter budget (program fees and mentor program fees combined).
Feedback from Survey & Focus Groups

- Offer more in person events outside of San Francisco;
- Give marketing a long runway by planning the program year at least 6 months out;
- Consider offering a sliding scale for chapter led programs; keep virtual option for affordability;
- Consider establishing a special time of year when anyone can attend programs for member rates, give people a taste of what we offer;
- More offerings on: grant writing; Asian programming; for advanced career professionals; tech platforms and CRMs;
- More career fundraiser led sessions, fewer consultant led.

Tactics to be updated and prioritized yearly:

Content & MarComms
